

Automobile Accessories and TIRES

Obey the law; equip with Star Lancaster diffusing lens--

It diffuses the strongest headlight, making it cover a wide area on either side of the road, and yet throws a decided spot-light ahead of the car where it is needed.

The cost is negligible, \$1.25 to \$2.50.

LUBRICANTS

Minimum carbon deposit--

Maximum horse power--

Minimum oil and fuel consumption--
Those are the answers that Veedol gives to your lubrication problems.

No matter what sort of a car you have, consult the chart in our store and see just what kind of Veedol lubricant is designed for it.

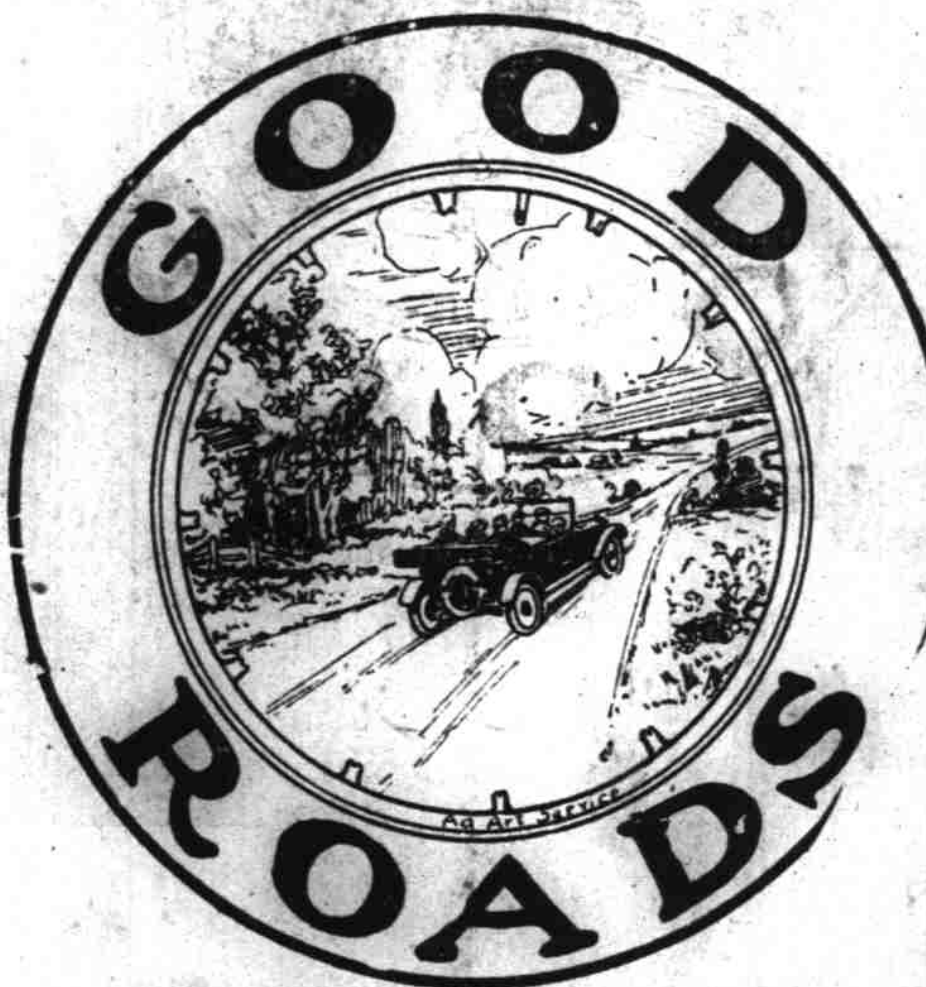

Stromberg Carburetors

made the mileage record of

37½ miles

on a gallon of Gas.

Installed in a Ford Car. We are Distributors.

Remember, there's that extra quality, that extra efficiency that goes with every motor accessory, every tire you buy from us.

That extra thing you get is the S. & S. Service.

S. & S. Service is not a perfunctory wrapping of merchandise, or a haphazard installation, or the casual information of where you can get something done.

S. & S. Service is a definite one that explains fully the features of the article you are buying, that attaches an accessory to your car, or intelligently adjusts a tire—helps you in every way, whether it means money in the till or not.

It also means a free inspection of your car at any time, with cordially given advice as to how to remedy its ailments.

If you've not yet made use of this service, you are invited to the next time you pass the store.

How's the Battery?

Don't guess about it. Guess work may be fatal. Let us test it out for you at least once a month with a hydrometer. Bring the car around and we'll give your battery a drink of distilled water, free of charge.

Are you equipped?

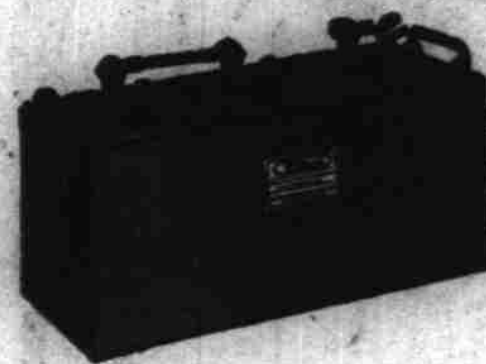

Until you are, you have not said goodbye to battery troubles.

Over 150 builders of cars equip all their cars with Willard systems, because they have found that is the way to most thoroughly satisfy the buyers of their cars. They lessen their own service responsibility by relying on the perfection of the Willard service.

We can equip any kind of a car, original or re-built, with the proper Willard Battery system.

We are also equipped to do all sorts of Willard repair work.

We are the established Willard representative in Hawaii.

In order to insure a complete satisfaction
in the matter of Auto Tires, we carry two famous lines:

Firestone Tires and SAVAGE TIRES

Between these two makes, the individual preferences of every car driver can be perfectly satisfied.

We are distributors for the Territory
